Drugs of Abuse Testing Reagents

*DTPM HAS THE MOST COMPREHENSIVE SELECTION OF REAGENTS
AVAILABLE FROM ONE VENDOR*

DTPM selects reagents from companies with proven track records that have the capacity and flexibility to meet all your drug testing needs.

The reagents in our drug testing menu are designed to run on most chemistry analyzers. You will have the ability to run tests in your own agency that are available only at large reference labs.

A total of 30 reagents are available!

Visit store.dtpm.com to purchase your reagents today.
